

## Why do this course?

Our **General Pest Technician** course has been designed to deliver the required minimum competencies for trainee Pest Technicians to achieve their [General Pest Control license](#).

This qualification is offered through an online blended delivery method (online theory and assessment), whilst under supervision of a qualified Pest Technician.

*Easily accessible course available 24/7 online*

In this course students will build knowledge and skills to operate competently and safely to:

- ❖ Identify urban general pests
- ❖ Assess infestation, cause, and severity
- ❖ Develop and communicate management plans
- ❖ Select and maintain equipment and materials
- ❖ Complete applications using appropriate equipment

## Units of Competency

- ❖ **CPPUPM3005 Manage pests without applying pesticides**
- ❖ **CPPUPM3006 Manage pests by applying pesticides**
- ❖ **CPPUPM3018 Maintain equipment and pesticide storage area in pest management vehicles**

## Training, Resources & Support
