

Why do this course?

Our **Timber Pest Inspector** course delivers the required minimum competencies for experienced Pest Technicians or Building Inspectors to develop their knowledge and skills to perform Timber Pest Inspections competently and safely.

This qualification is

offered through an online blended delivery method (online theory and assessment), whilst under supervision of a qualified Pest Technician.

Easily accessible course 24/7 online

In this course students will build knowledge and skills to operate competently and safely to:

- ❖ Identify and manage the **most encountered** timber pests
- ❖ Gain skills in inspection to assess infestation, cause and severity of timber pests
- ❖ Complete reports for timber pest inspections
- ❖ Understand and identify control methods and applications for timber pests when inspecting properties.

Unit of Competency & Module

- ❖ **CPPUPM3008 Inspect and report on timber pests**
- ❖ **Timber Pest Controls** – Theory only (*non-accredited*)

Training, Resources & Support

- ❖ **Online Lessons:** Course material is interactive and readily available from our training portal
- ❖ **Webinars:** Access fortnightly live webinars, hosted by our trainers, covering key course materials and Q&A.
- ❖ **Student Support:**
 - **Student Support Hour:** Weekly virtual face to face support with our trainers, for assistance with course material and assignments
 - **Email Access:** Submit your course queries 24/7
- ❖ **Other:** To provide additional support and reference, it is recommended that students purchase the textbook “*Australian Termites*” and have access to the Australian Standards and Codes of Practice for Timber Pest Inspections.

Mode of Assessment

All units are assessed online, and include:

- ❖ **Theory Assessment:** *Students complete a range of Multiple Choice and Short Answer questions on the course content*
- ❖ **Practical Assessments:** *Students record a range of videos demonstrating their ability to competently apply their skills and knowledge across three live job sites*
- ❖ **Logbook:** *Student must complete a logbook of 10 Timber Pest Inspections under supervision of a qualified technician.*
