

Our **Timber Pest Manager** course has been designed to deliver the required minimum competencies for experienced Pest Technicians and Building Inspectors to meet the Timber Pest license or insurance requirements.

This qualification is offered through an online blended delivery method, whilst under supervision of a qualified Timber Pest Manager.

In this course students will build knowledge and skills to operate competently and safely to:

- ❖ Identify and manage the **most encountered** timber pests
- ❖ Gain skills in inspection to assess infestation, cause and severity of timber pests
- ❖ Complete reports for timber pest activity in domestic, commercial, and industrial environments
- ❖ Apply treatments using appropriate equipment

UNITS OF COMPETENCY:

- ❖ CPPUPM3008 Inspect and report on timber pests
- ❖ CPPUPM3010 Control timber pests

TRAINING, RESOURCES & SUPPORT:

- ❖ **Online Lessons:** Course material is interactive and readily available from our training portal
- ❖ **Webinars:** Access recorded webinars, hosted by our trainers, covering key course materials.
- ❖ **Student Support Hour:** Virtual face to face support with our trainers, for assistance with course material and assignments are held twice a week
- ❖ **Chat & Email:** Submit your course or assessment queries 24/7 via the chat option on the online portal or via email.
- ❖ **Other:** To provide additional support and reference, students are encouraged to purchase/source copies of:
 - Textbook: "Australian Termites"
 - the Australian Standards and Codes of Practice for Timber Pest Management.

MODE OF ASSESSMENT:

All units are assessed online, and include:

- ❖ **Theory Assessment:** Students complete a range of Multiple Choice and Short Answer questions on the course content
- ❖ **Practical Assessments:** Students record a range of videos demonstrating their ability to competently apply their skills and knowledge across three live job sites.
- ❖ **Logbook:** Student must complete a logbook of 10 Timber Pest Inspections & 10 Timber Pest Treatments under an accredited technician.

WHERE:

Online portal is easily accessible and available 24/7 from any phone, tablet, or computer.

Duration:

Maximum Course Term: 6 Months
Minimum Course Term: Not Restricted

90 nominal hours of training and assessment
The course is self-paced and flexible to suit your needs

FEES:

See website for current course fees

Ensure you have read and understand our Refund Policy in the Student Handbook before enrolling.

There are no fee subsidies available for this course.
